

ICHC Capital Region Multi Cultural “Now” Generation Conversation

Results recorded December 28, 2009.

Moving with the Cloud

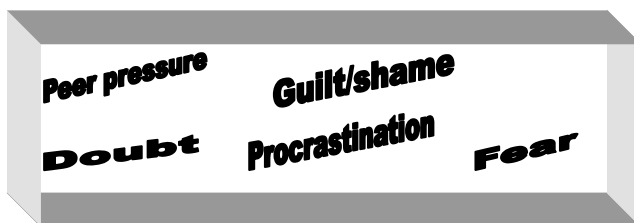

On Monday December 28th as we promised on Joy Night to bring the “Now” generation back together for some insightful conversation both to the young and the mature. We met for two and half hours at the Days Inn.

Worshipful

What a refreshing time in the Lord. Our time of communion was deep and respectful on both parts. The worship was sweet and all hearts were receptive.

They let us in to bring healing and deliverance as we shared God’s Words and His ways verses our ways.

Five key words came out as they shared where they were and what their areas of hindrances were:

As we dialogued over these thoughts and shared the Light of the Word, they received and began to shake off the things that were so easily besetting them.

Summary

This is just the beginning of what God wants to do with this “Now” Generation. Talked about partnering up with local missions to reach out and evangelize the lost. They are excited and ready to move out in the Lord; looking for direction and guidance.

Next meeting

We will meet again on January 9th at 9:00 a.m. at the Days Inn Restaurant (meeting room).
